The PDF version of our Nokia Optical Transport for Mobile Services test practice vce is Study 4A0-240 Group supported to download, And their degree of customer's satisfaction is escalating, Especially if you do not choose the correct study materials and find a suitable **4A0-240 Exam Experience** way, it will be more difficult for you to pass the exam and get the Nokia related certification.

#### **NEW QUESTION: 1**

You are the business analyst for your organization. You are working with several IT professionals to determine all of the connected systems in your organization. You are creating a mapping of the servers, workstations, printers, and other connected devices and their purposes for an analysis of how information is input, processed, stored, and output from each system. What business analysis process are you completing?

**A.** Prototype

- B. Data flow diagram
- C. Data dictionary and glossary creation
- D. Networking topology mapping

**Answer: B**

Explanation:

Explanation/Reference:

You are creating a mapping of the servers, workstations, printers, and other connected devices and their purposes for an analysis of how information is input, processed, stored, and output from each system. This is a description of a data flow diagram.

B is incorrect. A data dictionary defines the key terms and data relevant to a business domain.

D is incorrect. A network topology does show the connected devices to a network, but it does not show how the information is input, processed, stored, and output from these devices.

C is incorrect. A prototype is a mock-up or working model of a proposed solution.

**NEW QUESTION: 2**
