NEW QUESTION: 2

You have a server named Server 1 that runs Windows Server 2016. The disk configuration for Served is shown in the exhibit:

You add Server1 to a cluster. You need to ensure that you can use Disk1 (or Storage Spaces Direct).

What should you do first?

- A. Delete Partition (E:)
- B. Set Disk1 to offline
- C. Convert Partition (E:) to ReFS
- D. Convert Disk 1 to a dynamic disk

Answer: A

Explanation:

Explanation/Reference:

Explanation:

NEW QUESTION: 3

Why has the Branch3 router lost connectivity with R1?

Use only show commands to troubleshoot because usage of the debug command is restricted on the Branch3 and R1 routers.

- A. The PPP chap hostname and PPP chap password commands are missing on the Branch3 router.
- B. A PPP chap password mismatch is noticed between Branch3 and R1.
- C. A PPP chap hostname mismatch is noticed between Branch3 and R1.
- D. PPP encapsulation is not configured on Branch3.

Answer: C

Explanation:

First we should check Branch3 (and R1) with the "show ip interface brief" command to find any Layer1/Layer 2 issue.

We see the interfaces connecting between them are in "up/down" states which indicates an

Layer 2 issue so we should check the configuration of these interfaces carefully with the "show running-config" command and pay attention to these interfaces.

and on Branch3:

We learn from above config is R1 is using CHAP to authenticate Branch3 router (via the "ppp authentication chap" command on R1). Branch3 router is sending CHAP hostname "Branch_3" and CHAP password "Branch3_Secret!" to R1 to be authenticated. Therefore we should check if R1 has already been configured with such username and password or not with the "show running-config" command on R1:

R1_show_run_username.jpg

On R1 we see the configured username is "Branch3", not "Branch_3" so the usernames here are mismatched and this is the problem -> Answer A is correct.

NEW QUESTION: 4

LM received notification on 10 November 20X4 from one of its customers stating they had ceased trading as they had gone into liquidation. The balance outstanding at 31 October 20X4 was \$150,000.

In accordance with IAS 10 Events after the Reporting Date this event will be treated as:
